

e-Gaming, e-Business & Crypto Industry

INTERESTED IN E-COMMERCE?

Atla has been involved since the early days of the now well established e-gaming sector on the Isle of Man, but we are also familiar with a variety of aspects of e-commerce and have a growing involvement in the crypto industry, including accepting crypto currency as a payment method.

Modern technology is changing the face of business today and we can help you give life to your idea or to keep pace with the changes.

Going hand in hand with our appetite for modern technology, we are experienced in managing intellectual property. Through our worldwide contacts we can ensure that your ideas and inventions are protected. We believe this makes us ideally placed to assist you with your new ideas for a growing sector.

Specific services include:

Licensing

We are able to help you through the process of gaining a gambling license. This includes providing a provision of directors who have already been vetted by the Gambling Supervision Commission.

VAT advice

We work closely with the Isle of Man Customs and Excise to provide smooth VAT advice. We also administer returns and reclaim for purchases on the Isle of Man and the United Kingdom expenses.

Accounting

We help with the day to day funding and expenditure control, the monthly financial analysis and management reports, and prepare financial statements to meet the requirements of your chosen jurisdiction.

Banking and administration

We have built close relationships for some 35 years with reputable banks to ensure our clients receive the best, possible service. We also deal with the maintenance of bank accounts and credit cards, reconciling bank transactions and accurate processing of payments.

Company formation

We are able to help you incorporate a company to meet your requirements or if there is an existing company, we can facilitate the transfer of management. This includes a provision of directors, secretary and officers for the company.
