

AIM Listings

LOOKING TO FIND CAPITAL INVESTMENT FOR YOUR BUSINESS?

The Alternative Investment Market (“AIM”) is an ideal place to grow your capital whilst avoiding some of the additional regulation that comes with listing on the larger stock exchanges. We can effect introductions to experienced professionals in the City of London to act as Nominated Advisors, Brokers and Legal Advisors.

AIM benefits from being an integral part of the portfolio of the markets offered by the London Stock Exchange and was specifically designed for smaller growing companies.

How does your company join AIM

Rather than prescriptive entry criteria, companies must demonstrate their readiness and suitability to join a public market which is done through an admission process. Once a company has decided to join AIM, an appointed Nominated Advisor will help oversee the financial preparation, legal work and due diligence that is required to prove the company is ready.
