### Banking and financing

We have built close relationships for some 35 years with reputable banks, both private and high street, to ensure our clients receive the best, possible service. We can also help with the maintenance of bank accounts and credit cards, and also bank reconciliations and crew payments.

In addition to this, we have experience in dealing with private banks to secure financing for high risk assets for our clients.

### Company administration

As part of the one stop shop package we provide for our clients, we are able to provide statutory compliance services as required in house. This includes, but is not limited to; annual returns, accounts preparation, tax returns, VAT, accounts management and daily administration.

### Company formation

Should it be required, or desired, we are licensed to incorporate companies to meet your requirements. Alternatively, if there is an existing company structure, we can facilitate the transfer of management. This includes a provision of directors, secretary and officers for the company.
